

My Wishes Wallet Card

Would your doctor and your family know where to find your living will quickly if you were unable to tell them where it is?

Advance directives which include living wills and the designation of a healthcare surrogate are only useful to medical personnel if they can be found when needed. This wallet card will help your doctors and loved ones locate your living will should you be unable to speak for yourself.

Instructions

1. Complete the information on the front of the card
2. Use the back blank side for any additional emergency contact information
3. Fold and laminate the card with clear packing tape
4. Place in your wallet behind your driver's license or ID card

Advance Care Plans which include a living will and designation of healthcare surrogate can be printed **FREE** of charge from our website.
